**IN THE EVER-EVOLVING
MODERN WORLD, THE DEFINITION
OF LIFE IS CONSTANTLY CHANGING**

WORDS FROM OUR FOUNDER

Our customs, beliefs, and ideologies have transformed, leading to advancements in science and technology. Life is no longer simple or poetic; it is now about finding meaning and purpose. Social progress has brought about increased freedom in social, religious, and economic matters. With self-esteem and confidence, individuals strive for economic independence and prosperity. As we are part of a nation with great potential, Adamas is dedicated to shaping deserving citizens by exploring various aspects of education. In this dynamic environment, we aim to heighten our acquisition of wisdom and establish Adamas as a true centre of excellence.

Yours truly,

Mr Samit Roy
*Chairman, Adamas International School
Chancellor, Adamas University*

ONE SMALL STEP— A GIANT LEAP IN LEARNING

We prioritise the holistic development of each child, going beyond academics to instil instrumental values. Learning through play is essential at our preschool.

The early years of a child's life are incredibly important. It's a time when they are very curious and eager to learn about the world around them. That's why preschool is a small but significant step in their journey towards becoming independent and confident learners.

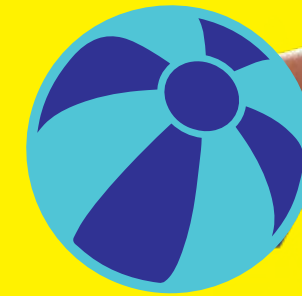

At Adamas Kids Pre School, we focus on creating a strong foundation for these young learners. We provide a nurturing environment where they can learn, observe, ask questions, and develop their curiosity and fascination with the world.

At our Preschool, we provide a warm and cosy home-like environment where learning through play is the key. We believe in engaging young minds with experiences that ignite their curiosity and creativity, all while bringing them joy and the freedom to explore. Our activity rooms are designed to encourage interactive learning and exploration. Instead of focusing on formal education, we prioritise developing basic skills in children, which are the foundation for future learning.

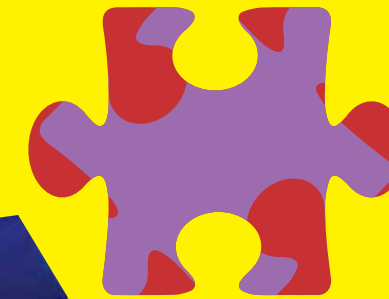

We focus on the development of fine and gross motor skills. From the precision and control required to handle small objects, to accomplishing activities that require the use of balance and coordination between larger muscles, we spend time indulging them in activities that encourage both.

PLAY

to empower them to become confident, creative and compassionate individuals through play-based learning

LEARN

to inspire them to explore, discover and shine bright in their unique abilities and talents

SHINE!

to encourage them to explore, experiment and make connections, developing a deeper understanding of concepts and promoting their natural curiosity

A ZONE OF FUN &
PLAY

WHAT GUIDES US

OUR PHILOSOPHY

We believe in nurturing the spirit of enlightenment by providing a holistic education that guides children through a gradual process of learning. Our goal is to help them become responsible, knowledgeable, and wise individuals as they grow.

OUR VISION

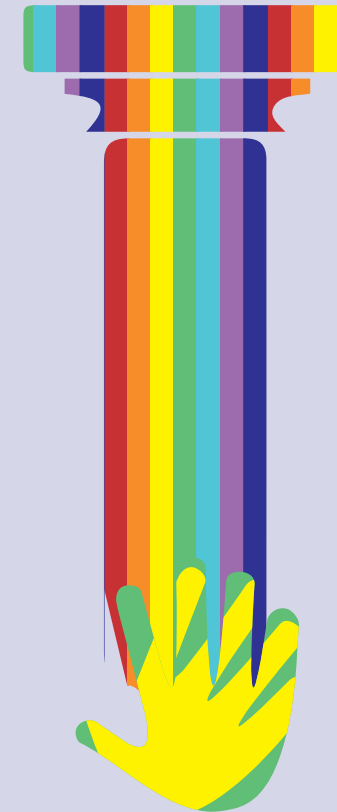

To develop a community that respects a child as a self-learner. Adamas Kids strives to provide a loving, nurturing, safe and engaging environment for children to achieve their full potential as global citizens and empathetic humans.

OUR MISSION

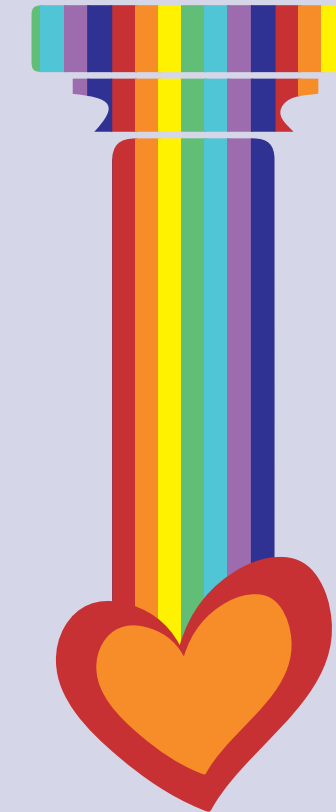

To elevate standards by fostering a school environment built on core values. These values are the foundation for nurturing reflective learners, creating a peaceful, caring, joyful and thriving atmosphere for every child's development.

THE H3 PILLARS

HANDS IMPLEMENTATION

Our hands have the power to transform both ourselves and the materials we touch

HEART INSPIRATION

The heart is the key to all relationships and emotions such as love, compassion, gratitude, sorrow, and more

HEAD INFORMATION

Our thinking abilities play a crucial role in our lives, emphasising the importance of having trained and knowledgeable minds

At Adamas Kids, we strongly believe in the H3 Pillars (Hand, Heart and Head) concept, which represents the realm of Best Practice for promoting holistic development in children.

This concept is specifically designed to cater to the unique needs of the alpha generation, creating a fine balance between hands-on experiences, emotional well-being and intellectual growth. It ensures the all-round development of every child.

COMMUNITY EVENTS & CELEBRATIONS

We foster a sense of togetherness, help children develop their physical abilities, nurture social relationships, and overcome challenges they may face through these various events.

Celebrations include cultural values, modern thinking, creative events, fun, colourful festivals, celebrating nationalism and all the activities that are a part of your child's day-to-day life.

Sports Day

Carnival Day

Grandparents' Day

Children's Day

Teacher's Day

Mother's Day

Father's Day

Culmination Day

Environment Day

SHAPING & LEARNING THROUGH FAMILY

PARENTS AS PARTNERS

This programme allows parents to be involved in the planning process, create plans for the future, discover enrichment possibilities and stay well-informed.

Communication between parents and our curriculum is fostered through

- **Quarterly Mini Assemblies**
- **Weekly Interactive Parental activities from home**
- **Feedback through regular interaction**
- **Parents Connect application**
- **Bimonthly Culminations**

A FEW SIMPLE RULES

Avoid saying 'No' all the time to your child

Promise only those things which you genuinely intend to fulfil, instead of using empty promises as a quick solution

Remember that your child is unique, so avoid comparing them to others, even if your intentions are good. Nobody wants to be compared to others.

Take the time to observe your child silently for 15 minutes a day. This simple act has long-term benefits.
